

## Transportation Deviations

If you have a change in transportation for the end of the day, please contact the school prior to 3:00. This allows us time to get the messages to all the rooms.

## Student Transportation Reminders

Turrill has a large number of students who are car riders on a daily basis. If we all follow the car rider protocols and work together with **patience**, families will be able to move through the area more safely and efficiently.

**Student Drop-off:** Drop-off begins at 8:45. We have three points of entrance. Door 12 is the E-5, Kindergarten and 1st grade entrance. Main office is the 2nd/3rd grade entrance and door 3 is the 4th/5th grade entrance. See Map below.

When dropping off your child/ren select the appropriate entrance. If you are dropping off more than one child, we suggest that you select one drop area and let all your children exit the vehicle at one spot. A red line is painted on the sidewalk for students' safety. Students can exit their vehicles and walk behind the painted red line until they get to their particular entrance. Staff will encourage students to stay behind the red line but it's always helpful to remind them of this before they exit your vehicle.

**If you need to leave your vehicle please pull into one of the parking spaces.** Do not leave your vehicle in the drop lane. This causes large back-ups and becomes a safety issue for students and parents.

**If you park your car, please walk your child to the curb using one of the cross walks:** We do not want students crossing the parking lot and car lanes unaccompanied by an adult.

**Only use the lane closest to the curb for drop-off:** Do not drop students off unless you are in the lane next to the curb.

## Student Pick-Up Reminders

There are two ways you can pick up your children. The first and probably the quickest is to park your car in one of the designated parking areas and walk up to entrance 12 using the crosswalk. At 3:50 we open door 12, and you are allowed to come in to the gym and pick up your children. A staff member will be there to check students out. *For the safety of our students, parents who enter the building to pick up their child/ren in the cafeteria at the end of the day will be asked to produce a photo ID if our staff does not recognize you.* Once you get your child/ren exit through door 12. Please use the crosswalk when returning to your vehicle.

The second way to pick up your child/ren is to wait in the pick-up line. Each car will get a sign to hang in your window identifying the last name of your student. Staff will call out the name in the gym and the student/s will come to your vehicle exiting out door 11. Please pull forward to the placed outlined on the map. This allows several students to be picked up at once.

**Patience is the name of the game!** Please show patience. We realize waiting in line can be frustrating at times but we will get quicker at dismissal as time progresses. Last year we averaged getting those who walked up to pick up their children in 5 minutes while it took about 12 minutes to get through the entire car queue.

**Please move through the parking lot at a slow rate of speed:** Regardless of all the protocols driving slow and alert is the best way to keep our students and parents safe.

Thank you again for all your support to make our drop-off and pick-up routines run smooth, safe, and efficient for our students, families, and staff!!
